

# eXpedite - Agile PLM Implementation Services

## What Can Xavor's eXpedite Solution Do For Your Business?

Our eXpedite Solution consists of pre-configured Agile PLM blueprints that fit perfectly for companies within the semiconductor, high-tech and medical device vertical. Oracle Agile PLM provides a starter database with roles, privileges, criteria, basic workflows and part and document definitions.

With **Xavor's eXpedite Solution**, it saves on average **50 days\*** of implementation time versus a standard implementation time.

Steps	Standard Implementation	Xavor's eXpedite Solution
Security Model - User Groups - ITAR - Push Discovery	12 days	4 days
Parts subclasses with attributes	15 days	3 days
Documents subclasses	5 days	2 days
Workflows	3 days	2 days
Help/Assist+* * license included	10 days	2 days
Auto Rev/Auto Description Plan Generator	10 days	1 day
ECO Dashboard	10 days	1 day
<b>GRAND TOTAL</b>	<b>65 DAYS</b>	<b>15 DAYS</b>

**50 days plus \$100K in savings & internal time!\***

\* Based on a \$500 million dollar revenue company

# eXpedite - Agile PLM Implementation Services
